Description

We are Lux Watt. We specialise in importing high-quality solar products to South Africa and providing access to sustainable and cost-effective clean energy solutions. At Lux Watt Importers, we prioritise environmental sustainability and are committed to supplying reliable and energy-efficient solar products. We work closely with trusted manufacturers to source top-quality solar panels, inverters, batteries, and other components that can withstand the harsh South African climate.

Our goal is to make solar energy accessible to more people and businesses in South Africa. We believe that everyone should have the opportunity to benefit from clean energy, which includes reduced electricity costs, lower carbon emissions, and energy independence. As a solar supplier, we take pride in offering personalised service to each of our clients. We work with you to understand your unique energy needs and design a customized solar solution that meets your specific requirements. Our team is dedicated to ensuring that your solar system is installed and maintained to the highest standards, providing you with reliable and efficient energy for years to come.

Thank you for considering us as your solar supplier. We look forward to helping you achieve your energy goals and contributing to a more sustainable future for South Africa.
